

The Power-Balance Bike for Nursery and Kindergarten

Mein Lieblings-Laufrad
My favourite balance bike

very sturdy extremely light

Model Cruiser / Mini-Cruiser

- **As light as a feather - only 2,5 / 2,2 kg**
 - easy to handle; also for small and disabled children
→ **Mini-Cruiser suits very well for groups under 3 years**
 - significantly **lower risk of injury** when the bike gets dropped
 - less to carry when the bike gets locked for the night
 - suiting well for motion-rooms in winter
- **Extremely solid**
 - high quality polyamide, glass fibre-reinforced
 - 3 years warranty on all structural parts
- **Further advantages**
 - **Height adjustable seat**
 - **Semi restricted steering**, avoiding excess tipping
 - Suitable for **role play**
 - **water + weather proof, UV-resistant**
 - no swelling as wooden bikes do
 - no rusting as metal bikes do
 - **Extremely gentle to the back** by shock-absorbing seat suspension
 - **Suitable for indoor and outdoor use**
 - **Made in Germany**
 - certified according to EN71 (Europe) und ASTM (USA, Canada)

The **Police** woman rides the **blue** bike

The **Dragon** rider rides the **green** bike
